

REACH STATEMENT

Finn-Korkki will meet the responsibilities as a producer or importer of substances, preparations, and articles that we supply.

Under REACH, the caps we supply are designated as an article not as a substance. We also comply with Article 7 and Article 33 of REACH. Therefore, the caps do not need to be pre-registered according to REACH.

As a downstream user of substances, preparations and articles, we are committed to meet our legal obligations under REACH. We have been in contact with our suppliers to ensure that substances used are pre-registered and comply with REACH.

As a company, our own efforts are in harmony with the ISO 9001, ISO 14001, OHSAS 18001 and ISO 22000 (HACCP) standards.
