

Non GMO certificate

The yeast strains produced by the LESAFFRE company for the production of Fermentis active dry yeasts do not contain any Genetically Modified Organisms (GMO), as defined by 2001/18/CE European directive dated 12 March 2001 (which stand in for the 90/220/CEE European Law).

As a consequence, we guarantee that Fermentis active dry yeasts are not subject to any further conditions of labelling regarding the directives 1829/2003 and 1830/2003.
