Karakteristika

Château Cara Clair Nature is a type of Belgian caramel malt. Intensifies the beer's body and its smoothness, promotes head formation and retention. This malt also called Dextrin malt and is the most common body and foam enhancing natural agent that enhance head retention primarily thanks to their dextrans and other complex proteins. Creates soft biscuit notes in the beer aroma.

Usage

Organic Pilsner Lager, alcohol-reduced beer, light beer, Bock beer. Up to 30% of the mix.

Opbevaring & Holdbarhed

Malt should be stored in a clean, cool (< 22 °C), dry (< 35 RH %) and pest free environment. If these conditions are observed, we recommend using all whole kernel products within 24 months from the date of manufacture and all milled products within 3 months. Improperly stored malts can lose freshness and flavor.
