**Bisphenol-A, Phthalates**

**OXYLON<sup>®</sup>, POLYLINER<sup>®</sup>, PROVALIN<sup>®</sup>, SVELON<sup>®</sup>, NOVISEAL<sup>®</sup> PF**

Dear Madam / Sir,

The formulations of our above mentioned product ranges do not contain

- Bisphenol-A (4,4'-isopropylidenediphenol or 4,4'-dihydroxy-2,2-diphenylpropane, CAS 80-05-7)
- Phthalates

as components. The presence is therefore not to be expected.

These substances are not intentionally introduced during the manufacture of our products.

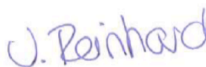

The fact that these substances are not intentionally introduced into our formulations does not exclude that trace levels of these substances may be unintentionally present or may result from the specific characteristics of the raw materials and of the polymerisation processes used for the production of the raw materials we use.

We do not check for any ubiquitous traces, nor do we have access to any analytical results.

If there are any further questions, please do not hesitate to contact us.

Sincerely  
ACTEGA DS GmbH

**Product Safety and Regulatory Compliance**

**Bisphenol A (BPA): DARAFORM® 2000**

We hereby confirm that based on information provided by our raw materials suppliers no Bisphenol A (CAS# 80-05-7) is used in the manufacture of the constituent raw materials or this product as supplied by Grace Davison Materials & Packaging Technologies.

From process knowledge, this substance is not expected to be in this product and therefore the levels are not evaluated.

**Phthalates: DARAFORM® 2000**

Grace Davison Materials & Packaging Technologies does not intentionally use phthalates as additives or raw materials in the manufacture of this product.

From process knowledge, these substances are not expected to be in this product and therefore the levels are not evaluated.

**Bisphenol A (BPA): DARAFORM® 6411MF**

We hereby confirm that based on information provided by our raw materials suppliers no Bisphenol A (CAS# 80-05-7) is used in the manufacture of the constituent raw materials or this product as supplied by Grace Davison Materials & Packaging Technologies.

From process knowledge, this substance is not expected to be in this product and therefore the levels are not evaluated.

**Phthalates: DARAFORM® 6411MF**

Grace Davison Materials & Packaging Technologies does not intentionally use phthalates as additives or raw materials in the manufacture of this product.

From process knowledge, these substances are not expected to be in this product and therefore the levels are not evaluated.

**Bisphenol A (BPA): DARAFORM® 6475PC**

We hereby confirm that based on information provided by our raw materials suppliers no Bisphenol A (CAS# 80-05-7) is used in the manufacture of the constituent raw materials or this product as supplied by Grace Davison Materials & Packaging Technologies.

From process knowledge, this substance is not expected to be in this product and therefore the levels are not evaluated.

**Phthalates: DARAFORM® 6475PC**

Grace Davison Materials & Packaging Technologies does not intentionally use phthalates as additives or raw materials in the manufacture of this product.

From process knowledge, these substances are not expected to be in this product and therefore the levels are not evaluated.
