Egenskaber

Organic Belgian chocolate malt. Torrefied at 220°C and then quickly cooled when the desired colour is reached.

Karakteristika

Château Chocolat Nature malt is a highly roasted organic malt with a deep brown colour. This is where its name comes from. Château Chocolat Nature malt is used to adjust the colour of organic beer and imparts a nutty, toasted flavour. Château Chocolat Nature malt shares many of the characteristics of organic Black Malt but provides a less bitter flavour and is lighter than Black, because it is roasted during a slightly shorter period of time and the end temperatures are not so high.

Usage

Brown, strong, darker and black organic beers, such as porters, stouts and brown ales. Up to 7% of the mix.

Opbevaring & Holdbarhed

Malt should be stored in a clean, cool (< 22 °C) and dry (< 35 RH %) area. If these conditions are observed, we recommend to use all whole kernel products within 24 months from the date of manufacture and all milled products within 3 months.

Pakning

Bulk; Bulk in Liner Bag in Container; Bags (25kg, 50kg); Big Bags (400 - 1,400kg). All types of packaging – in 20' or 40' containers for export.
