Egenskaber

Lightly kilned type of malt produced from steeped organic barley that has been germinating for a very short period of time.

Karakteristika

Chit Barley Malt Flakes Nature retain many of the characteristics of raw barley and are used to improve foam stability and to balance malt with high solubility. Impart a rich dry-grainy flavor to organic beer and is used primarily in organic stouts. This malt improves head formation and stability.

Usage

Any organic beer type. Up to 30% of the mash bill.

Opbevaring & Holdbarhed

Malt should be stored in a clean, cool (<22°C), dry (<35 RH%), and pest-free environment. If these conditions are observed, we recommend using all whole kernel products within 12 months from the date of manufacture and all milled products within 3 months. Improperly stored malts can lose freshness and flavor.

Pakning

Bags (20kg). All types of packaging – in 20' or 40' containers for export.
