Egenskaber

Château Oat Nature malt is produced from naked organic oat kernels. This type of malt has a very low diastatic power and moderate extract values.

Karakteristika

Château Oat Nature malt gives a distinctive silkiness to organic beer. Great for enhancing body, head retention, and flavor of dark beers. Used as a flavor adjunct, it enhances a biscuit taste in the beer and gives it a unique texture and a creamy mouthfeel. Adds texture and flavor to any dark English beer style.

Usage

Dark organic beers, organic porters, organic stouts, robust organic British ales, winter beers. Up to 15% of the mix.

Opbevaring & Holdbarhed

Malt should be stored in a clean, cool (< 22 °C), dry (< 35 RH %) and pest free environment. If these conditions are observed, we recommend using all whole kernel products within 24 months from the date of manufacture and all milled products within 3 months. Improperly stored malts can lose freshness and flavor.

Pakning

Bags (25kg, 50kg); Big Bags (400 - 1 250kg) All types of packaging – in 20' or 40' containers for export.
