Detection Report

Report Number: COB023020798

Date: March 01, 2023

III. Testing Results:

3.1 Sensory Requirements

- **Method:** Refer to GB 4806.7-2016
- **Material Number:** 1
- **Requirements:** Normal color, no abnormal odor, no impurities, etc.
- **Result:** Normal color, no abnormal odor, no impurities, etc. - Passed
- **Migration Test Result:** The soaking solution showed no turbidity, precipitation, abnormal odor, or other sensory deterioration. - Passed

- **Note:** * indicates that the sensory testing items in this report are not within the CNAS accreditation scope.

3.2 Heavy Metals (calculated as Pb)

- **Method:** Refer to GB 31604.9-2016
- **Material Number:** 1
- **Testing Conditions:** 4% acetic acid (v/v), 60°C, 2 hours
- **Limit (mg/kg):** 1
- **Result (mg/kg):** <1
- **Conclusion:** Passed

Note: 1. mg/kg = milligrams per kilogram.

Statement

1. The information listed on the first page of this detection report, except for sample source, receipt date, testing date, testing results, and testing conclusions, is provided by the entrusting party. The entrusting party is responsible for the representativeness of the sample and the authenticity of the information. This laboratory assumes no responsibility.
2. This detection report uses measured values for compliance assessment, without considering the risks associated with uncertainty, unless explicitly stated otherwise in special agreements, standards, or specifications. The client assumes the risk associated with this assessment method, and this laboratory assumes no responsibility.
3. The detection report is invalid without the signatory's signature and the "Inspection and Testing Special Seal." It may not be reproduced in whole or in part without the written consent of this laboratory. The testing results in this report are only responsible for the submitted sample. Unqualified detection reports without the qualification accreditation mark do not have notarial proof effects for society. This laboratory assumes no economic or legal responsibility for any direct or indirect losses and all legal

consequences arising from the use of the testing data and results. Testing items marked with special symbols in this report are not within the laboratory's qualification accreditation scope. The testing results of these items are only for client commissioning, scientific research, teaching, or internal quality control purposes.

4. For other statements, please refer to the report footer and the back page of the written report.

Terms for Issuing the Test Report

1. Guangdong Kobo Testing Research Institute Co., Ltd. (hereinafter referred to as [the Company]) accepts samples and goods for testing and reporting in accordance with the following terms. The Company provides services based on the following terms, which constitute an agreement between the Company and the individual, enterprise, or company (hereinafter referred to as [the Client]) applying for the service.
2. The Company shall strictly maintain confidentiality for the client regarding any report (hereinafter referred to as [the Report]) issued from this testing request. Without the Company's written consent, the Report may not be reproduced in whole or in part, nor may it be used for advertising or other authorized purposes. However, the client may present or submit the printed Report or an approved copy to its clients, suppliers, or directly related others. Unless required by relevant government departments, laws, or regulations, the Company shall not discuss or disclose the Report content to any third party without the client's consent.
3. Unless required by relevant government departments, laws, or courts, the Company is not required to, nor is it obligated to, testify in court regarding the Report without the Company's prior written consent.
4. If the Company determines that the Report is being used improperly, the Company reserves the right to withdraw the Report and may demand other appropriate additional compensation.
5. The Company accepts samples for testing on the premise that the test report cannot be used as the basis for legal action against the Company.
6. The Company shall not be liable for any loss or damage arising from the use of information in any Report or any testing or research described in any disseminated information.
7. If the test report is to be used in court proceedings or arbitration, the client must inform the Company of this intent before submitting the test sample.
8. The supporting data and information for this test report will be kept by the Company for 10 years. If individual review bodies have special requirements, the retention period for testing data and reports may vary according to the situation. Once the above-mentioned retention period expires, the data and

information will be disposed of. In no case shall the Company be required to provide any expired data or information that has been disposed of. Even if the Company has been previously informed of possible related damages, the Company shall not be liable for any damages under any circumstances, including (but not limited to) compensatory damages, loss of profits, loss of data, or any form of special, incidental, indirect, consequential, or punitive damages arising from breach of contract, breach of commitment, tort (including negligence), product liability, or other causes.
